

**Clearview Offset**

# Clearview Offset

For unobstructed views and great security Clearview Offset combines toughened laminated glass with an offset interlinking handrail set below the glass level for a semi-frameless look. With several handrail options available the system can be designed for use in both internal or external applications, and when matched with the tubular handrail is also access route compliant.

## Features

- Interlinking handrail set below glass level results in access route compliance
- Multiple glass options
- Tough powdercoated finish in your choice of colour\*
- High quality T5/T6 aluminium and stainless steel fasteners
- Available to suit a range of substrates
- Designed and made in New Zealand
