

Clearview Semi Frameless

Clearview Semi Frameless

The use of toughened and laminated glass means the ability to create a glass balustrade system without horizontal frames or handrails - a perfect solution for those situations where you really don't want to interrupt an amazing view. A sleek and modern glass balustrade solution suitable for any new construction or renovation.

Features

- Optional tubular handrail can be added to make access route compliant
- Large range of glass options
- Tough powdercoated finish in your choice of colour*
- High quality T5/T6 aluminium and stainless steel fasteners
- Available to suit a range of substrates
- Designed and made in New Zealand
