Clearspan Inline Fin

Clearspan Inline Fin

Clearspan Inline Fin is a traditional Balustrade with a modern twist. In place of square balusters, vertical fins are used. The use of fins creates depth to the look of the system and enables longer fin spans.

HANDRAIL TYPES

ELLIPTICAL

RECTANGULAR

SLOPING

TOP CAP

OFFSET

Top Cap and offset are access route compliant. Offset to be used in conjunction with Elliptical, Rectangular or Sloping
